

The Braugham 50

TruEspoke wire wheels has added a new wheel to our line-up specifically prepared for 1975 - 1996 Cadillac owners. Our new wheel offers later model Cadillac owners the option to equip their cars with wire wheels that are very similar to the original Truespoke wire wheels that could be purchased in their day from Cadillac dealers.

This rear wheel drive only wire wheel has the following features:

- 50 Chrome plated steel spokes or optional, hand-polished stainless steel spokes and stainless steel nipples.
- Sizes 14 - 18 inch diameters to 8 inches wide.
- Standard or reverse patterns
- Available with a round cap or optional two or three bladed spinners.
- The Cadillac emblem is an authorized GM Restoration Part
- Exquisite, show-quality chrome plating
- Truespoke limited warranty
- **These wheels will also fit 1957 and up rear wheel drive Cadillacs.**
