

Cadillac 1977 - 1996 Rear Wheel Drive Wire Wheels

Classic style and value with unsurpassed quality

■ There was a time when you could march right into your neighborhood Cadillac dealer and order up a set of wire wheels that looked similar to these. That hasn't been possible in a long time, at least until now.

■ We are pleased to offer these limited production replica wire wheels especially made for the 1977-1996 rear wheel drive Cadillacs. They have the original look right down to the special center cap and emblems that harken back to the originals.

- Tapered spokes
- These wheels are of tubeless construction. No inner-tubes are required.
- Although not made by Truespoke, our customers have been very satisfied with the appearance and quality of these wheels, especially at the price. These wheels are not made in the U.S.
- Limited warranty of 90 days on chrome plating and one year on materials and workmanship.
- Wheel size: 15 X 6. Bolt pattern: 5 on 5 inches. Backspacing: 4 inches.
- Spoke count: 70 spokes just like the originals.
- **Set Price: \$1,299.95 per set including four center caps, emblems and lug nuts.**
- Tires are not included but are available at extra cost.
- Wheel and tire packages available with narrow, wide or Vogue whitewall tires. Please email or call for pricing.
